W. James Wagoner
Air Pollution Control Officer

David J. Lusk
Assistant Air Pollution Control Officer

Date of Release: January 17, 2019
Board Consideration: January 24, 2019

To: Butte County Air Quality Management District Board of Directors
From: W. James Wagoner, Air Pollution Control Officer
Staff Contact: W. James Wagoner, Air Pollution Control Officer
Re: **Report on District Activities Related to Camp Fire Recovery.**

ISSUE:

The Air Pollution Control Officer will brief the Board regarding the District's involvement in response to the Camp Fire recovery efforts.

ACTION REQUESTED:

None. This item is provided for information and discussion.

DISCUSSION:

During the last month, District staff have been involved with the following activities related to the Camp Fire recovery efforts:

- Participated in Debris Removal Task Force status calls three (3) times a week with local, state and federal agencies;
- Staff attendance at public meetings on proposed temporary debris handling facilities at Barber Yard, Chico, and Koppers, Oroville;
- Issued a comment letter (attached) on the environmental assessment for the Koppers proposal;
- Provided comments on the Butte County Alternative Fire Debris Removal Program;
- Scanned and posted on the District website a map indicating locations where serpentine rock is present, those areas being subject to the state naturally occurring asbestos airborne toxic control measure: <http://bcaqmd.org/resources-education/asbestos/>;
- Located the District portable e-BAM at Paradise High School so that real-time ambient particulate data is available via the District webpage: <https://app.airsis.com/USFS/Units/Details?custId=11&unitId=1029>;
- Working with Paradise School District to site Purple Air particulate sensors at several schools. Once installed the ambient particulate air quality will be available through the following website: <https://www.purpleair.com/map/#6.53/39.199/-121.39>;

- Fielded calls from the public regarding air quality concerns;
- Participated in California Air Resources Board and U.S. Environmental Protection Agency coordination calls regarding the National Emission Standards for Hazardous Air Pollutants for Asbestos Demolition and regarding Naturally Occurring Asbestos.
